re: Carper v VWR Scientific
case # 1:04-cv-126

Dear Judge Sleet:

Against my better judgement. And I can't afford counsel. I have to withdraw my case.

It's a shame that this company can get away with what I had to go through, and not quit my job. Now I have to deal with the pain and limited activities because of the surgery I had to get. Who knows if I have to get another one. I now have to be on Social Security Disability getting \$790.00 a month. Because of my medical limitations, it's hard to get a good paying job. Plus to even get a job that accommodates my limitations. Now Richard H. Cross put me in a \$7,000 debt with him, going to be hard to pay him back along with all other bills that lack because of my income.

Richard Cross said that I messed up with my deposition, and didn't think that my case was strong enough to continue. I disagree, but I can't afford to another lawyer.

But I am not done with this situation. It might not be through a lawsuit, my situation will be heard.

Sincerely,

A handwritten signature in black ink, appearing to read "Michelle R. Carper", written over a horizontal line.

Ms. Michelle R. Carper
